

Baptism

Thank you for asking to have your child baptised at All Souls'.

You have made an important decision.

Baptism is the gateway to life in God. As you prepare for this special day you will have the opportunity to look at what your Faith means to you and what you are hoping for, as your child grows in Faith.

Your child will be baptised into the Death and Resurrection of Christ and will be welcomed into the Church as a member of God's family. The process of becoming a Catholic will be completed when s/he receives the sacraments of Holy Communion and Confirmation. Your child will find your encouragement and participation a positive support throughout their developing years.
